

Take the Challenge

Super Zoom

 20 Minutes

Instructions:

1. Set up a computer with the Super Zoom video.
2. Sit in front of the computer and make sure you have a printed scoresheet and pen or pencil available.
3. Pay close attention and follow the video instructions.
4. The goal of the game is to guess what each zoomed in photo that appears on the screen is.
5. You will write down your guesses on the scoresheet and check your answers by the “answer time” segment of the video.
6. Add a point for each zoomed in photo you answered correctly.
7. At the end of all 3 rounds add up all your points to find out your final score!
8. How many photos did you get correct?
